The Best of British

Welcome to *Pride's* Top 50 Best of British special. Our list represents the people, places and events that have made and continue to make a dynamic impact on the world we live in today. Putting this list together has been not only a labour of love but a painstaking and often frustrating exercise for the panel as they tried to reconcile who deserves these much-coveted spots. For instance, how do you compare the likes of Trevor McDonald, who has achieved so much over the past 20 years, to young guns such as Corinne Bailey Rae, who has shot to the top of her game in such a short time frame? Our list recognizes not only the achievements of celebrities but also of establishment figures and unsung heroes who play a vital role in shaping modern black Britain. We hope you find the results as fascinating and inspirational as we do.
